Caleb: http://www.salon.com/news/politics/war_room/index.html
Caleb: You should watch the videos herein.
me: uh, yeah
me: I'll pass, thanks
me: geeze
me: anywho
me: fucking John Penley told the Village Voice about the Anon who cooperated with the Feds and they called me
me: I had to deny comment for the first time in my career as a whatchamacallit
Caleb: What's this about an Anon cooperating with the Feds?
me: one of the ones who was raided back in January
me: Feds took his computer, gave it back with monitoring devices, told him to continue, he said okay in hopes he wouldn't get in trouble himself
me: and now of course he is facing the same charges as the others
me: because he's an idiot
me: so I let the various lawyers know that the damn FBI has god knows what else
Caleb: So why withhold comment?
me: because I only know this because the dumbass sent me that information in the course of answering my general offer to provide legal assistance
me: so, you know, Hippocratic Oath
me: or some such
Caleb: How did Pinley find out?
me: I told him because he works for Stanley Cohen, who's representing the 19-year-old girl
me: and I assumed that Cohen would want to know that
Caleb: Dude.
Caleb: Just ask for Cohen's number next time.
me: k thanks bra
me: on the other hand
me: the fact that this guy is still being monitored by the Feds
me: or his computer or whatever
me: see, I don't know if me pointing that out would be a crime on my part
me: like, obstructing justice or some such
me: I'll ask Brice Neuman
me: he's in JAG, you know
